Hi Cynthia,

That will be coming from OGC but so you know they're also setting up an R8 email box for all SF95 submitted.

Thank you

Hi, Christine.

Could you help me prepare a fact sheet about the Standard Form 95 that clarifies how to fill out the form and answers the questions below?

Thanks!

Cynthia

Subject: Economic-Business Impact Group

Morning,

On behalf of the Economic-Business Impact group which is representing various economic organizations in the region, we are in need to answer the following questions:

- 1) Can Standard Form 95 be utilized for more than personal property damage? The prime example would be economic damages and hardships caused by the current situation. Affected businesses should include retail, tourism, agriculture just to name a few.
- 2) Can Standard Form 95 be utilized to reimburse employees for wage loss or operational shut down?
- 3) Can Standard Form 95 be applied for more than just once?
- 4) Does Standard Form 95 apply for agriculture and agricultural yields?

These are the questions we need to have addressed at the moment – thank you.
